

- + Powerful 1150 W motor
- + Microprocessor electronics: with tachogenerator constant speed control, soft start, overload protection and speed selection
- + High torque for maximum material removal and optimum surface quality
- + Powder-coated and varnished magnetic pad for a long service life, thanks to the additional protection against wear and abrasive dust
- + Grip hood for easy handling and precise working
- + Bail handle: Secure grip, even when working on vertical surfaces
- + The water feed and control system is located below the housing, which makes operation and precise dosing easy. An unobstructed grip area is provided directly above the backing pad
- + 2 m special hose: No additional hose safety devices required. Increases flexibility, reduces weight and prevents risk of injury from hose clips
- + Quick-fit brass coupling: for 1/2 water hose
- + Contour plug: can be connected only to an isolating transformer. For safety reasons, operation is permitted only connected to the FLEX TT 2000 isolating transformer
- + Spindle lock
- + This machine is also available in 110 V
